CGIM - UPTM Students Conference 2026

INTRODUCTION

The CGIM Students Conference is an annual event in the Institute's calendar. This year, the conference will be organised as the CGIM – UPTM Students Conference 2026 in collaboration with Universiti Poly-Tech Malaysia (UPTM) under the confirmed theme:

“Sustainability & Governance: Leading with Accountability”

The conference aims to provide students with valuable exposure to the importance of sustainability, governance, accountability, and responsible leadership in today's evolving corporate environment. It also seeks to highlight the role of Chartered Secretaries and governance professionals in leading organisations with integrity, transparency, and ethical decision-making.

Through keynote addresses, panel discussions, and interactive sessions, students will gain practical insights into the governance profession, corporate leadership, and the growing importance of sustainable business practices.

Students will also be introduced to the Chartered Governance Qualifying Programme (CGQP), awarded by the Chartered Governance Institute (CGI), UK, which provides a recognised pathway towards becoming a qualified governance professional.
